El legado de un gran hombre de trabajo.

LIMPER Congelaciones Profesionales

es la empresa líder a nivel nacional en la congelación y comercialización de semen, para brindarle la más alta confiabilidad en los apareamientos de su ganado. Esto se ha logrado gracias a la visión de sus socios fundadores MVZ José Luis Limón Olvera y MVZ Román Enrique Pérez Monter y a su constante esfuerzo por lograr una empresa de excelencia.

Este año con profunda tristeza lamentamos la partida de Pepe, como le llamábamos coloquialmente. Al mismo tiempo, estamos muy orgullosos de su gran legado. Tal como lo hiciera él, seguiremos trabajando con ahínco por crecer y seguir a la vanguardia tecnológica en favor de nuestros clientes.

El Catálogo **LIMPER** para este año le ofrece:

- ★ 101 Sementales y 5 mezclas de Pegadores.
- ★ Somos miembros de la NAAB (Asociación Nacional de Criadores en USA) y hemos recibido nuestro Código de Criadores, que es el 330.

En este momento tenemos 31 Toros con Código NAAB, lo que le ofrece los siguientes beneficios:

- Encontrar las pruebas actualizadas de estos toros en cualquier buscador.
- Poderlos incluir en cualquier Evaluación de Sementales de las Compañías de Inseminación, aprovechando la inclusión de nuestros toros y logrando mejorar los precios promedio.
- Ayudarle a optimizar sus costos de producción en la inseminación artificial.

Somos la Empresa Mexicana equipada con tecnología de punta en la congelación de semen, con la misión de compartir nuestra experiencia y abastecer al mercado nacional, de la mano de empresas que también han dedicado muchos años a la investigación y desarrollo, como lo son **IMV Technologies** y **minitube**.
